Dear Parent/Guardian

I recently attended a presentation organised by local police on cyber safety. It presented issues such as: how we keep children safe online, privacy settings that are available, how to use (or not use) these settings, how you can inadvertently identify yourself etc.

It was an informative session and one that all parents, no matter how tech savvy they are, would benefit from attending. As a result we have arranged for Senior Constable Danny McManus to present safety information to parents on **Wednesday 22nd July 6-7pm in our school library.**

We have also invited parents from our local primary schools to attend. This will be an adult only presentation, so that you can comfortably ask questions. If you have younger children and no one to look after them, a child minding service will be provided at the school.

Senior Constable Danny McManus will cover topics such as:

- Cyber safety tips
- How to protect your children
- Red flags for parents
- Social networking sites
- Mobile device security and the opportunity to ask questions.

If you will be attending, please return the slip below to your child’s roll call teacher and indicate if you require child minding so we can ensure supervision.

Ms A. Dassklis  
**Principal**  
13th July 2015

-----------------------------------------------

To reserve a place either ring the school on 9569 2444 or respond by email by **20th July, 2015.** Please let us know if you require child minding.
